#### **1 & 2. Welcome, Agenda review, & Approval of Meeting Minutes**

The agenda was reviewed and the minutes of the January 11, 2017 meeting were unanimously approved with one minor correction.

#### **3. Debrief, Advisory Board meeting**

The committee debriefed on the February 1<sup>st</sup> joint meeting with the Advisory Committee, which focused on network mapping of Vision 2020's role with respect to Town Goals, Task Groups, Community Groups and Town Departments. The mapping exercise illustrated the Town's evolution since the Goals were set a quarter century ago, highlighting the areas of divergent and overlapping interest. Having created a rough draft of the network map, the next step is input from Task Groups.

Standing Committee members agreed to talk with various Task Groups about each group's thoughts on how they relate to Vision 2020's organizational structure using an outline developed by Juli and Annie for initiating these discussions. Eventually, we will invite all the task groups leaders together to talk more about Vision 2020's organization and ideas for expanding the network mapping process and revising the town goals.

Methods of community outreach for encouraging residents to learn about and participate in Vision 2020 were also discussed. These included Arlington Community Media, Inc. (ACMI) videos, Town debates and Precinct Meetings.
